ADOPTION AGENDA, DISCUSSION, COMMITTEE ITEMS

**COMMITTEE ON BUDGET AND FINANCE,
RESOLUTIONS:**

ITEM-150: Contracts Business Process Re-Engineering (BPR).

(See Report to the City Council No. 06-137; Mayor's Purchasing and Contracting PowerPoint; and City of San Diego Business Process Re-Engineering Timeline.)

TODAY'S ACTION IS:

Adopt the following resolution:

(R-2007-362)

Accepting Mayor's Report;

Authorizing and directing the City Auditor and Controller, with the assistance of the City Attorney, to prepare an ordinance amending the FY 2007 Appropriations Ordinance in accordance with Mayor's Report and for the approval of the City Council;

Authorizing and directing the City Attorney to prepare any necessary amendments to the Administrative Code to reflect the combination of City departments in accordance with the Mayor's Report and for the approval of the City Council.

BUDGET AND FINANCE COMMITTEE'S RECOMMENDATION:

On 6/28/2006, Budget voted 4 to 0 to receive report. (Council President Peters, Councilmembers Atkins, Frye, and Madaffer voted yea. Council President Pro Tem Young not present.)

SUPPORTING INFORMATION:

The purpose of the Contracts Re-engineering Study, or BPR, was to review and re-engineer the City of San Diego's procurement processes and procedures; develop recommendations to improve the efficiency and effectiveness; and to improve the quality and accountability of the procurement process. The City of San Diego's contracts for good, services, consultants and construction have historically been handled through a decentralized approach, with authorities spread across all levels of the organization. This has resulted in a system that is duplicative in efforts, lacking a centralized tracking system, and various levels of oversight.

ADOPTION AGENDA, DISCUSSION, COMMITTEE ITEMS (Continued)

COMMITTEE ON BUDGET AND FINANCE,
RESOLUTIONS: (Continued)

ITEM-150: (Continued)

SUPPORTING INFORMATION: (Continued)

The re-engineering taskforce presented as its primary recommendation the creation of a centralized contracts department to centralize, consolidate and streamline procurement resources and processes associated with contract pre-award operations for commodities, services, consultant and construction into one department. The current action before City Council allows for the fiscal realignment of staff resources into this Council approved contracting department.

FISCAL CONSIDERATIONS:

The realignment of pre-award contract administration into a centralized contracting department results in the net elimination of eleven (11) positions at a savings of \$907,054. All functional areas of contract administration will continue to be performed either by the centralized team on behalf of client departments or, by partners.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

March 29, 2006

Informational report on the plan for departmental restructuring to the Committee on Budget and Finance of the City Council of the City San Diego.

June 28, 2006

MAYOR SANDERS' RECOMMENDATION:

Adopt the following resolution:

(R-2007-358)

Declaring the City Council's and Mayor's intent that services provided by City police, fire, and lifeguard safety service members will not be subject to Managed Competition because it is not in the public interest to contract out these safety services to an independent contractor;

Declaring if Proposition C is approved by the voters, the City Attorney will include language that reflects the above stated intent in any ordinance introduced to implement Managed Competition.

ADOPTION AGENDA, DISCUSSION, HEARINGS

NOTICED HEARINGS:

ITEM-201: Mira Mesa Public Facilities Financing Plan and Facilities Benefit Assessment
Fiscal Year 2007.

(See Report to the City Council No. 06-116. Mira Mesa Public Facilities
Financing Plan and Facilities Benefit Assessment FY 2007. Mira Mesa
Community Area. District 5.)

(First Public Hearing was held on September 11, 2006, Item 201.)

TODAY'S ACTIONS ARE:

Adopt the following resolutions:

Subitem-A: (R-2007-93)

Designating an area of benefit in Mira Mesa and the boundaries thereof,
confirming the description of Public Facilities Projects, the Community Financing
Plan and Capital Improvement Program with respect to Public Facilities Projects,
the method for apportioning the costs of the Public Facilities Projects among the
parcels within the area of benefit and the amount of the Facilities Benefit
Assessments charged to each such parcel, the basis and methodology for assessing
and levying discretionary automatic annual increases in Facilities Benefit
Assessments, and proceeding thereto, and ordering of proposed Public Facilities
Projects in the matter of one Facilities Benefit Assessment Area.

Subitem-B: (R-2007-94)

LAND USE AND HOUSING COMMITTEE'S RECOMMENDATION:

On 8/09/2006, LU&H voted 4-0 to approve the Staff's recommendation.
(Councilmembers Faulconer, Atkins, Madaffer, and Hueso voted yea.)

SUPPORTING INFORMATION:

The Public Facilities Financing Plan details the public facilities that will be needed through the
ultimate development of Mira Mesa. Mira Mesa is an area in the early stages of development
where significant infrastructure construction has occurred. This plan revises and updates the
Fiscal Year 2005 Plan (R-299990 dated December 7, 2004). The objective of the FBA is to
ensure that funds will be available in sufficient amounts to provide community facilities when
scheduled. The FBA will be collected at the building permit issuance stage of development and
deposited into a special interest earning fund for Mira Mesa.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-201: (Continued)

SUPPORTING INFORMATION: (Continued)

Changes from the current Financing Plan include: increasing the assessment rates a total of 62% due to increases in actual construction costs being experienced throughout the City and anticipated annual inflation, and advancing and/or delaying various projects in the plan due to changes in project priorities.

Should the City Council not approve the proposed Mira Mesa Public Facilities Financing Plan, Fiscal Year 2007, then the existing fees would remain in place and new development would not be contributing its proportional share for new facilities identified in the Mira Mesa Plan. Alternative funding sources would have to be identified to fund the share of the identified facilities attributable to new development.

The proposed assessments for Fiscal Year 2007 are as follows:

<u>LAND USE</u>	<u>CURRENT ASSESSMENT</u>	<u>PROPOSED ASSESSMENT per UNIT/ACRE in FY 2007 DOLLARS</u>
SINGLE FAMILY UNITS	\$15,778	\$24,577
MULTI-FAMILY UNITS	\$11,044	\$17,204
COMMERCIAL ACRE	\$97,661	\$152,132
INDUSTRIAL ACRE (I2)	\$34,236	\$53,332
INDUSTRIAL ACRE (I4)	\$37,233	\$58,002
INDUSTRIAL ACRE (I5)	\$29,661	\$46,205
INDUSTRIAL ACRE (I6)	\$44,808	\$69,799

FISCAL CONSIDERATION:

Adoption of this revised Public Facilities Financing Plan will continue to provide a funding source for the public facilities identified in the Mira Mesa Plan.

PREVIOUS COUNCIL AND/OR COMMITTEE ACTION:

None.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

The Mira Mesa Planning Group, at their meeting of June 19, 2006, reviewed the financing plan and assessments and unanimously recommended approval.
